Objective

Final year Computer Science and Engineering student (2027 graduate) with strong foundations in Python, Computer Networks and Operating Systems. Experienced in full-stack development, real-time systems, and open-source contributions. Seeking a Software Engineer opportunity to build secure and scalable software solutions.

Skills

Programming Languages: Python (Primary), Java, JavaScript, Bash

Software Development: OOPs, DSA, SDLC, Agile Methodologies, REST APIs, Unit Testing

Networking & Security: TCP/IP Fundamentals, Network Troubleshooting, Debugging,

Frameworks & Tools: Flask, React, Astro, Tailwind CSS, Firebase, MySQL, Git, GitHub, Linux, VS Code

Projects

FreelaceHub

2026

Used by clients and freelancers to collaborate on projects, track tasks, message in real-time, and automate invoices.

Peoplepriorities

2026

AI platform that turns citizen voice into ranked constituency development priorities for MPs. Multilingual voice input.

Appi search engine

2026

A lightweight, high-performance, full-stack search engine built to crawl, index, and retrieve web content in real-time.

Gesture-Controlled Voxel Editor

2025

Created a real-time gesture recognition system with optimized low-latency interaction and gesture-based controls.

Education

Alva's Institute of Engineering and Technology, Mijar — B.E. in Computer Science & Engineering *2024 – Present*
CGPA: 7.0 / 10.0

C.V. Charantimath Rural Polytechnic, — Diploma

2021 – 2024

Percentage: 70.17%

V.M. English Medium High School, Hungund

2021

Percentage: 87.80%

Certifications & Training

- **Computer Networks and Network Security** – Infosys Springboard
- **Java Fullstack Developer** – Coursera
- **Associate in IT Foundation Skills (Java)** – Infosys Springboard
- **Google Cloud Digital Leader Training** – Coursera
- **Natural Language Processing Foundation** – Infosys Springboard

Achievements & Leadership

- **Open Source Contributor:** Contributed to MediaWiki ecosystem projects through WikiTech Club using Git and GitHub.
- **IEEE Conference Publication:** Co-authored and presented research on transformer-based image restoration at IEEE CCGE 2026.
- **Cognizant TechnoversE Hackathon 2026:** Received a Certificate of Appreciation for participation and technical problem-solving.
- **National-Level Cybersecurity Hackathon:** Participated in a competitive cybersecurity event demonstrating security analysis skills.
- **BIT Bengaluru Ideathon:** Shortlisted finalist and presented an innovative technology solution.
